

# 2024 Professional Development

We understand that empowering educators is foundational to student success. That's why we've developed a comprehensive training package designed to not only enhance teaching strategies but also to align instruction with state standards, ensuring your teachers and students achieve their full potential.

Our training package offers an opportunity for professional development, tailored to meet the unique needs of your educators. By participating in our training, teachers will gain insights into effective integration strategies for our online program, optimizing our powerful formative and summative assessments, remediation, and intervention tools within your existing curriculum.

**In-Person**  
**\$2,000**
