

Training Catalog

At Progress Learning, we understand that getting familiar with new software can be challenging. That's why we've put together this Training Catalog just for you – our valued teachers, administrators, and principals. You'll discover all the different training solutions we offer, along with quick links for easy access and registration.

Thank you for trusting us in your classrooms and schools. We're always here to support you and your students.

“The training team is very knowledgeable answering questions and providing feedback and personal help.”

“It was really helpful to see this walkthrough of the Progress Learning platform. The features were well-explained, and I feel confident that my students and I will be able to make the most of Progress Learning in the coming school year. I also appreciate having a recording of the training so that I can go back and view it as needed.”

How to Get the Most Out of Progress Learning PD

Help Center

Get helpful articles and step-by-step instructions right at your fingertips by visiting help.progresslearning.com. The searchable database allows you to find help on the exact topic that you need.

Featured Special Topics

We offer seasonal [special topic webinars](#) and updates on the latest and greatest features. You can also view our [library of previously recorded special topic sessions](#).

Have an idea for a webinar? [Click here](#) to let us know!

Train the Trainer

Join this session to become your school's Progress Learning Training Facilitator. During this webinar, you will learn how to effectively train your staff during a staff meeting or PD day. You will be provided with all of the tools that you need to support your teachers throughout the year.

Live Webinars

All Getting Started webinars are 60-minute sessions in Eastern Time Zone.

If you cannot attend the live session, register anyway, and we will send you a link to the recording afterward.

Getting Started for Elementary Teachers (K-5)

[Register](#)

Learn how to create and manage your classes and create assessments and assignments. Take a tour of the engaging elementary student dashboard, including a brief overview of our adaptive intervention platform, Liftoff, and our unique platform for K-1 students with easy-to-navigate functionality. Get started with our variety of reports and data points to monitor student progress and maximize student achievement.

Getting Started with Liftoff Adaptive Intervention (2-8)

[Register](#)

This session is a deep dive into Liftoff, our adaptive intervention program for 2nd-8th graders to help measure and address student learning loss. Discover how Liftoff identifies individual skill gaps and creates a unique learning path to get students back up to grade level. Learn how to enable Liftoff for your students, pull Liftoff reports, and more. Liftoff integrates with NWEA MAP to eliminate the need for initial diagnostic testing within the platform.

Getting Started for Secondary Teachers (6-12)

[Register](#)

Learn how to create and manage your classes and create assessments and assignments. Take a tour of the refined secondary student dashboard. Get a brief overview of our adaptive intervention platform, Liftoff. Get started with our variety of reports and data points to monitor student progress and maximize student achievement.

Getting Started for Administrators

[Register](#)

Take a tour of the admin portal to be best prepared to support your teachers and staff with implementation. Learn how to customize account settings, upload students and teachers to the platform, access school-wide progress reports, and build a common assessment.

On-Demand Training Videos

All of our on-demand training videos are recorded versions of our live webinars. Watch them any time with the flexibility to pause play and fit into any professional development schedule.

Ask An Expert

Join this come-and-go session to ask any and all questions about our platform. This pop-in forum is designed for all educators who use Progress Learning or want to use Progress Learning MORE in their classroom!

This session provides an opportunity to jump in and ask an expert any questions you may have. This is the forum to ask about any of our features or review any technical issues you need support with. This is not a typical training session.

Each session lasts for one hour, drop in at any time during the session to get your questions answered.

Train the Trainer

Join this session to become your school's Progress Learning Training Facilitator. During this webinar, you will learn how to effectively train your staff during a staff meeting or PD day. You will be provided with all of the tools that you need to support your teachers throughout the year. Prior to attending this webinar, you should have basic knowledge of the new Progress Learning platform. Make sure that you have attended a Getting Started for Elementary Teachers or Getting Started for Secondary Teachers webinar before attending this leadership training as "getting started" information will not be covered in this session.

To become a Progress Learning Training Facilitator for your campus, you must:

- Attend the Train the Trainer webinar session live prior to receiving access to the PD Kit
- Be present during the entire webinar (those who are late to join will not be admitted)
- Attend a Getting Started for Elementary Teachers or Getting Started for Secondary Teachers webinar before attending this webinar

After attending the webinar, you will be able to:

- Access our exclusive PD Kit
- Access a recording of the session
- Continually support staff in their implementation of Progress Learning
- Locate additional training resources
