Expanded Georgia Assessment Solutions

Enhance your Georgia Progress Learning subscription with additional assessment tools aligned to **Georgia K–12 standards for ELA and Math and GSE for Science and Social Studies**, designed to support instruction and prepare students for Georgia Milestones.

Available as add-ons to existing Georgia Progress Learning subscriptions, these solutions expand how districts assess student learning throughout the year with:

- **Benchmark Assessments that mirror** Georgia Milestones
- **Unit Assessments** aligned to Georgia instructional units
- **K-12 Assessment Solutions Item Bank** developed in partnership with the University of Georgia

These solutions were formerly known as *Assesslets* from **Lennections**, a Georgia-based assessment provider trusted by educators across the state, and are now enhanced and available through the Progress Learning platform.

Milestones Benchmark Assessments

Formerly Assesslets

Full-length benchmark assessments designed to mirror the structure and blueprints of Georgia Milestones. These assessments provide students meaningful practice using the types of questions and item formats they will encounter on state testing while giving teachers clear insight into overall student readiness.

Assessment Features

- Benchmark assessments that mirror the structure and blueprints of Georgia Milestones for ELA, Math, Science, and Social Studies
- Three benchmark assessments for each state-tested grade and subject
  - *One included, two available for purchase*
- Technology-Enhanced Items (TEIs)
- Reporting to measure overall student readiness for state assessments
- Assessments for ELA include the option to purchase packages with writing assessments aligned to **Interpreting and Constructing Texts** standards. Writing responses supported through flexible scoring options, including **hand scoring, AI-assisted scoring, and user-scoring.**

Unit Assessments
Formerly Unit Assesslets

Unit-level assessments aligned to Georgia Department of Education instructional units and curriculum maps, allowing educators to monitor student learning throughout instruction. These assessments are available across **Math, Science, and Social Studies** for all state-tested grades and courses:

- **Math:** Grades 3–8 and High School Algebra
- **Science:** Grades 5, 8, and High School Biology
- **Social Studies:** Grade 8 and High School U.S. History

Assessment Features

- Pre- and post-tests for each unit following **GaDOE curriculum maps**
- Three to five items per standard
- Unique items including Technology-Enhanced Items (TEIs)
- Retake option available to support mastery
- Reporting to measure student growth across instructional units

UGA K-12 Assessment Solutions Item Bank
Formerly DSC Bank

A secure item bank developed in partnership with the University of Georgia. Districts can use this as a district-protected item bank to create and manage custom assessments.

Assessment Features

- 19,000+ Georgia-aligned assessment items
- District, school, and teacher access with permission settings
- District-protected item bank capabilities
- Designed for district benchmarks, classroom assessments, and custom testing

Expanded Assessment Power with Progress Learning

Progress Learning already provides access to **200,000+ standards-aligned assessment items** across core subjects, including College and Career Readiness courses. With the addition of the University of Georgia item bank, districts gain access to **19,000+ additional Georgia-aligned items**, further expanding their assessment capabilities.

When used together with the Progress Learning platform, educators can easily identify learning gaps, assign targeted remediation, build custom assessments, and monitor student progress across classrooms, campuses, and districts.
