

# The Power of Two: Liftoff + NWEA MAP

2nd-8th grade

Liftoff integrates and has the same strand and skill hierarchy as NWEA MAP assessments! Once students take their Beginning of the Year MAP assessment, we will use student RIT scores from MAP to import into Liftoff and support students with the specific skills and standards they can begin working on.

**LIFTOFF**  
Adaptive Intervention

- Aligned MAP practice for students to recover learning gaps at differentiated academic levels
- Varied learning accommodations with text to speech
- Use Liftoff data and reports in side-by-side analysis with MAP data and reports

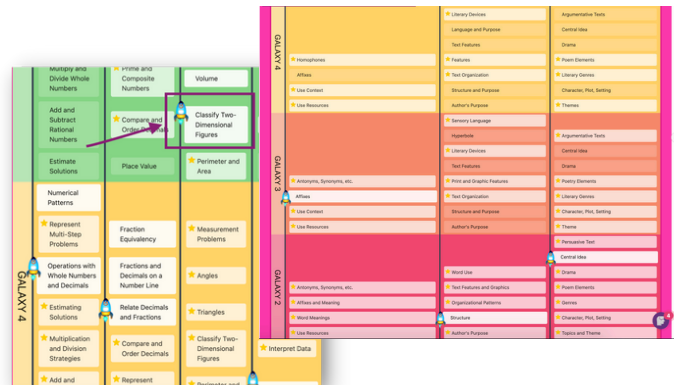

- Aligned MAP practice for students to recover learning gaps at differentiated academic levels

**map** GROWTH™

- Strengthen second language acquisition with practice available in Spanish

- Spiral skill gaps down to a Kindergarten level
- Aligned to state standards in Florida, Georgia, Texas, and Common Core.
