Galaxy Star Report (Elementary K-5)

For elementary students, teachers can track the number of Galaxy Stars earned out of the potential, view the current Alien Ranking, and print certificates.

This report helps teachers manage goals and rewards.

Teachers can view Galaxy Stars by subject and across all subjects.

Subject *	Class	Grade	Alien Rankings
3rd Grade Mathematics (TEKS)	All Classes	All Grades	All

Start Date *	End Date *
07/01/2022	01/24/2023

Note: You must select a Grade and/or a Class to run this report

Assessment Results Report

Select one or more assessments to export into a spreadsheet view that contains student results down to the standard for each assessment.

Diagnostics Reporting

Student Diagnostics Strengths and Weaknesses Report

View overall scores, ranking, areas of strength, and areas where additional study is needed by individual student.

Teachers can filter the diagnostic results for the pre-test and post-test. Teachers can view all standards assessed in the diagnostic assessment or hide mastered standards to view standards needing Some Study Required or Critical Need for Study.

Pre-Test	Post-Test

OVERALL SCORE		RANKING AGAINST PEERS	
Questions Answered	72	Total Students Tested	2
Questions Correct	15	Average Score	0.00%
Overall Score	21%	Your Ranking	2
		Percentile	Bottom 75%

AREAS OF STRENGTH	SOME STUDY REQUIRED	CRITICAL NEED FOR STUDY
	Represent Data	Understanding Finance
	Place Value	Unknown Whole Numbers
	Partitioning Shapes	Even or Odd
	Multiplication and Division Relationship	Fractions on a Number Line
	Multiplication and Division Facts	Compare and Order Whole Numbers
	Time	Representing Multiplication
	Quadrilaterals	Fraction Models
	Area of Rectangles	Rounding with Number Lines
	Compose and Decompose Fractions	Coins and Bills
	Classify 2D and 3D Objects	Represent: 1and 2-Step Multiplication and Division
	Fair Shares	Multiplication Strategies and Algorithms
	Perimeter	Interpret Data
	Solving Multiplication Models	Solving Division Models
	Solve: 1 and 2-Step Addition & Subtraction	Rounding and Estimation
	Equivalent Fractions	Measuring Length

Liftoff Reports

Liftoff Individual Diagnostic Report

View overall scores, ranking, areas of strength, and areas where additional study is needed by individual student.

View the Galaxy Level by domain for Liftoff in math and reading.

Teachers can view if mastery was earned on a topic within a domain.

15

Liftoff Diagnostic Report

Track and compare individual student results on Diagnostic Tests by subject.

View the status of the Liftoff Diagnostics, total questions correct, scores on the diagnostics, and the starting Galaxy Level.

Liftoff Detail Growth Report

View starting and current grade level for a select number of weeks for each school or student, broken down by each domain.

Teachers can view growth of individual students for each domain in math and reading, with the Starting Grade Level and Current Grade Level.

17

Liftoff Class Galaxy Summary Report

This report creates differentiated groups to individualize instruction. Students are organized into their instructional level by domains for math or reading.

As students progress in their Galaxy Levels in Liftoff, this report will update with their current instructional level, which will allow teachers to accurately provide remediation all year.
