

Adaptive Intervention for Math and Reading

Available for grades 2-8

LIFTOFF Adaptive Intervention

What is Liftoff?

Liftoff is an adaptive intervention program that targets specific academic standards in vertical alignment for math and reading that have occurred due to learning loss and recovers those academic gaps.

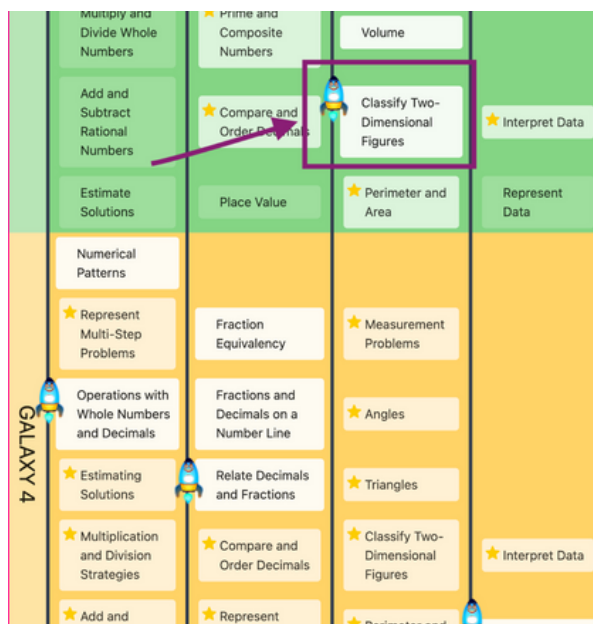

How does Liftoff work?

Students complete their My Diagnostics in Liftoff. Each student is provided an individualized learning plan in math and reading to work on foundational standards and skills that students have not mastered in vertical alignment.

Why does Liftoff work?

- Aligned to state standards
- Dynamic reports for accurate progress monitoring
- Spanish language support
- Text to speech
- NWEA MAP integration
- Google Classroom integration
- Personalized assignments and assessments
