

USATestprep Vault Guide with

2022-2023

Current USATestprep users will have the option to select to view their USATestprep Vault from their homepage for 1 school year after switching to Progress Learning. When you click on your USATestprep Vault from your Progress Learning dashboard, a new window will open in a new tab. You will then be presented with a home screen based on your user profile.

The next pages will review what features are available in your USATestprep Vault based on your user account: Teacher, Administrator, or District.

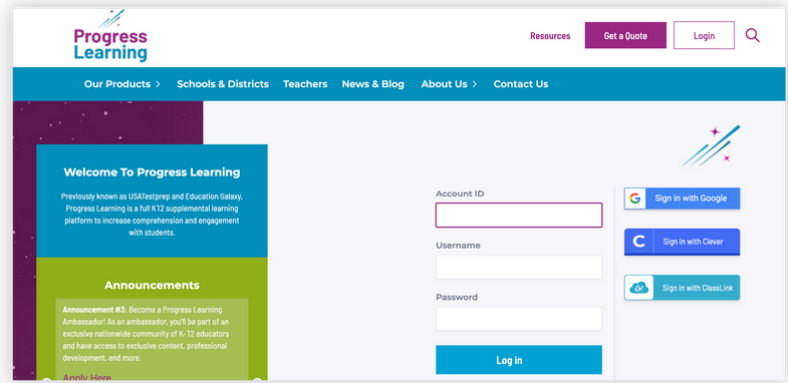

All USATestprep Assessments and My Authored Questions created before July 15th of 2022 have been moved over to Progress Learning. The purpose of the USATestprep vault is to view old data, and access some features that are not yet available in Progress Learning, like printable vocabulary resources. Please note: Only Assessments and My Authored Questions were migrated over from your USATestprep account into your Progress Learning account.

How to Access the USATestprep Vault

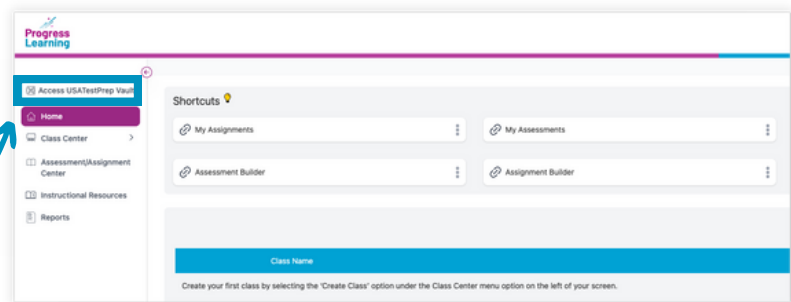

The purpose of access to the vault is so that USATestprep users can utilize the Progress Learning platform this school year while having the opportunity to view assessments and assignments that they need from the legacy USATestprep platform.

1 You will access your USATestprep Vault by logging into Progress Learning at app.progresslearning.com/login.

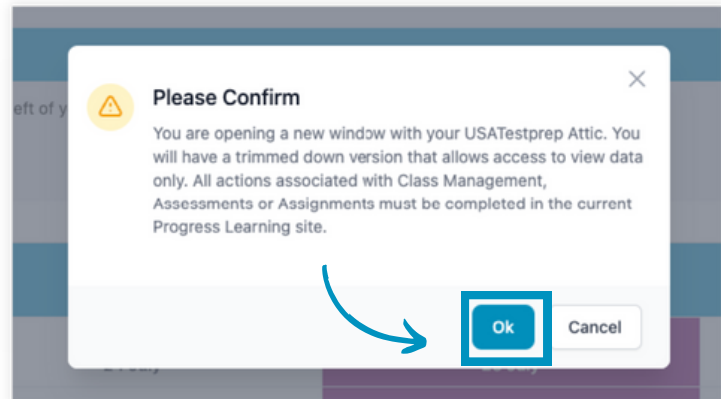

If you do not know your login for Progress Learning, you may contact support@progresslearning.com.

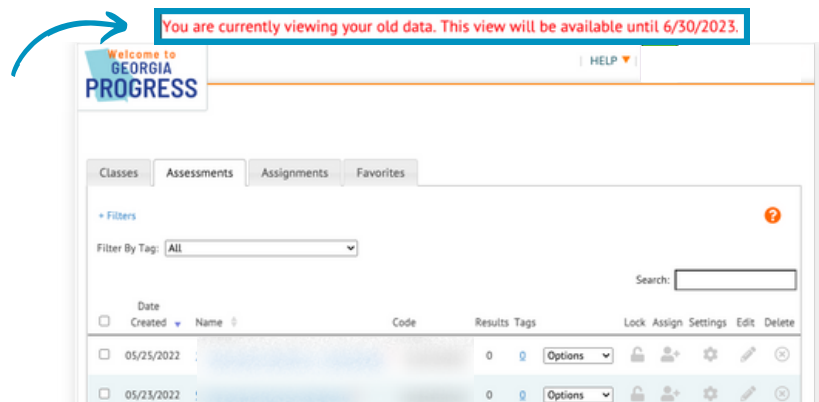

2 You will click the menu option on the left-hand side of the dashboard, and select "Access USATestPrep Vault."

3 A pop-up box will appear confirming a new window to open to your USATestprep Vault account. You will click "Ok," to navigate to your previous USATestprep account.

4 You will notice a banner at the top of your USATestprep Vault page that all data being viewed is old data and only viewable until 6/30/2023. ****Important Note: You will not be able to create or assign any NEW assessments or assignments in the USATestprep Vault.**
