

Check Prior Knowledge and Understanding with Progress Learning Bell Ringers

See how **Mrs. Herrera, 4th grade bilingual teacher, from Mae Smythe Elementary in Pasadena ISD** uses Bell Ringers from Progress Learning to support student learning.

“ I’ve used bell ringers in two different ways. I’ve used it to introduce a new standard/a means to measure what my kids already know - and I’ve used it to spiral standards we’ve already learned.

Since I am an ELAR teacher, I plan on taking the bell ringers a step further and have my students write 1-2 sentences explaining the text evidence they used to choose their answer for the bell ringer.

I also have a coworker that uses bell ringers as an exit ticket for the day.”
